## C-9000 Universal Envelope Feeder

The easy-to-operate C-9000 universal envelope feeder is the perfect compliment to your offset and/or digital print shop. Combined with the D-100 universal delivery conveyor, it will allow you to position your business as a true full service printer.

For more than 60 years we've designed and built all our reliable, user-friendly, low-maintenance feeders in the U.S.A. They feature heavy-duty thick gauge steel and tubing, and contain components from trusted and well-respected brands, ensuring replacement parts are readily available. Our high-quality equipment is easy to set-up, easy-to-service, and requires minimal mechanical changes for different stock sizes. In addition, the C-9000 lets you continuously add envelopes without ever stopping the press, therefore increasing production, and lowering labor/run time.

### STANDARD FEATURES INCLUDE:

- Patented sucker bar prevents feeding doubles
- Runs all envelopes from 3 x 5 – 10 x 15
- Use on all presses with conventional suckers
- Top-load, bottom vacuum feed for better control
- Single micro adjusting jogger allows for registration on direct-drive presses
- Moves from press to press within minutes
- Cranks up or down to any press height

**The C-9000 Envelope Feeder Fits All Presses and Runs All Envelopes – AB Dick • CHIEF • HAMADA • HEIDELBERG • ITEK • MULTI • RYOBI • TOKO**

### D-100

The D-100 Universal Delivery Conveyor is ideal for use with envelope feeders, folders, booklets and more, allowing an increase in production by letting the pressman concentrate on the printed image, or folding the stock, rather than on the falling stack from the envelope delivery.

### STANDARD FEATURES INCLUDE:

- Free-standing delivery conveyor
- Variable speed up to 210"/minute
- Adjustable height from 19-37"
- 10.5" wide X 36" long
- 110V / 5 Amps / 60 Hz

Invite American Ultraviolet to help you increase production, and lower labor/run time, with universal envelope, and paper, feeders and stackers, including the C-9000 Universal Envelope Feeder.
